

SEL POWERMAX® Microgrid Control Demonstration

SEL engineers will host live microgrid demonstrations. Learn firsthand how SEL POWERMAX blends inverter-based resources and traditional synchronous generators of different manufacturers, models, and sizes to deliver reliability and control.

Visit selinc.com/spectrumSI to register.

October 6, 2026

9:30–11:00 a.m.

LOCATION:

Spectrum Solutions, Inc.
110 Castle Dr
Madison, AL 35758
