

IEEE Southeastern Michigan Section

IEEE DAY-2026

OAKLAND UNIVERSITY™

IEEE Southeastern Michigan Section along with the Student Activities Committee is pleased to announce the annual IEEE Day celebration exclusively for SEM members and Oakland University students and, a trivia contest.

IEEE Day was celebrated for the first time in history, when engineers worldwide and IEEE members gathered to share their technical ideas in 1884. The celebration of IEEE Day on 15 October 2026 will be the 17th year the Section is celebrating this historic event and marks the zenith of the realization of the full potential of IEEE.

IEEE Day honors the roles IEEE members played in different fields and activities. In this spirit IEEE Southeastern Michigan celebrates the IEEE DAY on October 15, 2020. All the members may gather (IN PERSON) to celebrate this special day and participate in two major activities (**recognition and knowledge quiz**). We will be using kahoot.com web and smartphone app activity with VERY UNIQUE IEEE centric prizes and IEEE swag, to wear/display and make yourself proud!

Existing Student Members are requested to register and download the kahoot app to participate in the trivia contest.
