

WIE ILC

NETWORKING EVENT

REGION 7

Join us as we discuss career transitions - from undergrad to graduate school, graduation to academia, and graduation to industry - in an open roundtable forum. Hear each of our panel members share an overview of their research area and why they chose it. Question period to follow.

Everyone is welcome. Amazon & Tim Horton's gift cards to be won!

Rashmi Boragolla

University of Manitoba
Signal Processing, Information Theory, Video Compression

Prof. Winnie Ye

Carleton University
Silicon Photonics, Telecommunication Optical Switches & Polarization Controllers, Optical Satellite Communication Devices

Dr. Saida Maaroufi

Polytechnique Montreal
Mobile Computing, Network Architecture, Network Virtualization

Dr. Marzieh Eini Keleshteri

University of Manitoba
Mathematics, Inverse Problems in Microwave Imaging

Prof. Maryam Davoudpour

Humber College /
Ryerson University
Internet of Things, Artificial Intelligence, Signals & Systems

Hannah Fogel

University of Manitoba
Ultrasound & Microwave Imaging, Signal Processing, Machine Learning

Dr. Hala As'ad

IEEE WIE Ottawa
Applied Signal Processing, Audio & Speech Processing, Machine Learning, Deep Learning

Jasmin Cochingco

University of Manitoba
Signal Processing, Biosensors, Lab-On-Chip Devices

**Wednesday, April 28, 2021
6:30 - 7:30 PM (EST)**
