

# IEEE SE Michigan Section

## Presents

### ***“Senior Membership Elevation Round Up: Part Trois”***

IEEE Southeastern Michigan Section will reprise for the 3<sup>rd</sup> time, its Senior Member Round up event (virtual) on September 11<sup>th</sup>, 2021 between 9 AM and 11 AM (EST/EDT). Senior Member Reviewers will assist interested member candidates with significant years of experience in their profession.

#### **The way it works is:**

- At least a 10 years of significant experience with Bachelor's degree needs be established to initiate the senior elevation.
- If you have a PhD that is considered to be 5 years of significant experience, so you need 5 additional years beyond that.
- If you have a master's, that is considered to be 2 years of significant experience. So you will need 8 additional years to qualify.

There is no cost to becoming a Senior Member, and this step is a necessary prelude to seeking the IEEE 'Fellow' level. For a complete description of the Senior Member process and its benefits, see the link: [http://www.ieee.org/membership\\_services/membership/grade\\_elevation.html](http://www.ieee.org/membership_services/membership/grade_elevation.html)

*Potential senior members*, please register on this site for the event and be ready with digital copies of your resume, and relevant supporting materials, to share with reviewers.

***Existing Senior Members are requested to also register and assist potential new members with their application processing.***

#### **At Glance**
