Workshop

on

DJANGO AND ITS APPLICATION

By

CETPA INFOTECH

DATE: 15 April, 2022

VENUE: Seminar Hall

About the Event:

The C.S.E department and STB07021 organized a Workshop on Django and its applications conducted by CETPA Infotech.

In this event, the attendees got to know about the basics of Django.

The participants showed great enthusiasm and joined the workshop, after the end of the workshop, many students were interested in learning this particular skill as it is one of the highly demanded skills.

Workshops are a great way to introduce someone to a new experience, technology or any skill. It is one of the things that helps the student to grow in their cooperate life.

Outcomes:

LO1: Gaining information about the Django framework.

LO2: he students skimmed through the working process of Django framework.

LO3: The students acknowledged the hurdles which developers face and tackle while fulfilling those expectations.

LO4: Acknowledging the hindrances which developers face while fulfilling those expectations.
