College of Engineering and
Technology)

TIME: 11:00 AM to 1:00 PM

SPEAKER: SHIVAM BINOY

(Assistant Professor)

About the Event:

The C.S.E department and STB07021 organized a "**PHOTOSHOP EDITING WORKSHOP**".

The purpose of this workshop was to inculcate the basic knowledge of photoshop editing.

Having a good command over photoshop editing allows you to create and edit images for both print and web. Photoshop itself gives the user complete control over all kinds of image manipulation ,editing, creating image compositions ,website mockups and special effects and can be used for exact calibration of images for all output methods.

The speaker for this session was Mr. Suyash Binoy who put emphasis on the need to learn photoshop and made participants to try editing there itself.

Firstly, he taught the basics of the software 'Adobe Photoshop' and made participants familiar with the quick shortcuts and sizing optionsof the software.Furthermore, he explained the uses and applications of the tools.

The session wrapped up with the speaker delivering final address and concluding remarks regarding the workshop.

Learning Outcomes:

LO1: Meaning of photoshop editing

LO2:. Importance of learning photoshop editing

LO3: Uses and applications of photoshop
