

# Altair Feko™

2 September, 2019 | 9.00am - 3.00pm  
Room G10, **Macquarie University School of Engineering**, 50 Waterloo Rd, Macquarie Park, NSW 2113

## Workshop on Altair Feko™ Application for High Frequency Simulation

- Overview of EM solvers
- Meshing
- Material properties
- RCS
- Far-field radiation pattern
- Near-field values
- Planar radiating elements (patch antennas)
- Planar greens function
- S-parameters simulation
- Antenna coupling

► **One month free license will be provided to all the attendees.**

► **Registration fee: FREE**
