

Webinar on Lecture on “Research and Publication Writings and Tips”

IEEE Madras Young Professionals Affinity Group organized a Lecture on “**Research and Publication Writings and Tips**” on 22nd October 2022 from 6.00 PM to 7.30 PM IST. The Speaker of this session was **Dr Saidur Rahman**, a Distinguished Research Professor, Head of the Research Centre for Nano Materials and Energy Technology, Sunway University, Malaysia. Mr Arun M, Chairman of IEEE Madras Young Professionals and Mr Abdul Halik M I, Secretary of IEEE Madras Young Professionals welcomed the attendees and hosted the session.

The webinar began with Dr Saidur discussing the format of a good title which comprises a mind map with 8-10 keywords, neither too general nor too specific. He mentioned some strategical tips like Addressing Originality which includes scrutinising more relevant papers, Reading recommendations or future direction of the article, marginal originality, etc.,

He pointed out Bloom's Taxonomy which has knowledge, comprehension, Application, Analysis, Synthesis and Evaluation. He showed the real-time sample research paper and its specifications, which helped the attendees get better ideas on how they can start writing the paper and will also help them to enhance their careers.

He further discussed the writing of Comprehensive Methodology including Organization of the concept, Experimental work, Survey work and finally Results and Discussions. He encouraged the attendees to write and publish Research papers which will add value to the resume and also improves an individual's skillset. In the end, he addressed the queries of the participants and made the session more interactive. The webinar ended with a gratitude note delivered by Mr Arun M, Chairman of IEEE Madras Young Professionals.

Around 55+ participants from 20+ institutions across IEEE Madras Section participated and benefited from this webinar.

Reported By,
Abdul Halik M I (#93708147)
Secretary, IEEE Madras Young Professionals.
