organized

Panel Discussion on

“Expectations of Industry from Young Professionals”

Date of the Event: 14/10/2022

Time of the Event: 6:00 PM to 7:00 PM

IEEE Attendees: 28

Non-IEEE Attendees: 19

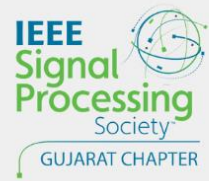

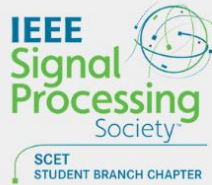

Brief Detail:

Panel Discussion on “Expectations of Industry from Young Professionals” (sponsored by IEEE Young Professionals) arranged during national level seminar on New Trends in Signal Processing 2022 organized by IEEE Signal Processing Society, Gujarat Section and IEEE SCET SB. The Event is aimed to guide Young Professionals and research Scholars in right direction for research-oriented career. The Event started at 6 PM on October 14, 2022. MoC Mr. Saqlain Shaikh welcomed and provided a brief motivation and introduction of this event. Moderator Dr. Chirag Paunwala, R&D Dean at SCET, Surat introduced all expert panellists to participants and lead the discussion in right direction. Mr. Abhimanyu Rathi, Venture builder at Build3 & Founder of SLII, Goa, India guided participants on "How to fetch grants for startups and Importance of new education policies for Young Professionals". Mr. Neeraj Sharma, Founder and CEO of MakenBreak, Ahmedabad motivated participants by “Sharing his Industrial experience”. Dr. Chandan Chattarjee, Executive Director at ADS Foundation, Gandhinagar focused on “Different government programs for Young Professionals, Industrial Infrastructure and Industrial requirements”. Mr. Hemal Gandhi, Technical Manager at PicusTech Software, Surat, enlightened participants on “Industrial Etiquettes and practical implementation of academic knowledge in industries”. After Panelists discussion meeting was opened for General Discussion and Q & A session followed by Vote of thank by Mr. Abanob Bhanu. We received 47 total participants who attended the meet from that 28 were IEEE members and 19 were non-IEEE members.

Feedback Form:

How do you rate our session on a scale of 1-5?

What were your key take aways from this event?

Got exposure of industry and various domains

Area young engineers could focus

To upskill myself on a daily basis

Have to keep positive attitude..and we have set our goals ...we don't have to stretch our goals but we have stretch ourselves to attend goals

Industrial Knowledge, To have Positive Attitude, Motivation for creating projects, reading case study, Team work tips, etc.

Good

Very Informative and Really fruitful

Every single thing which I listened was clear. And to the pint which was good

Any additional comments regarding the sessions or overall event?

The session was extremely good

Overall it was great talk

The session was good and it was completed in the planned duration of time.

It was quite informative session

Great event

No

Speakers were really amazing

-

session is very knowledgeable

Report Compiled by: Muskan Jhawar-IEEE SCET SB Secretary and Abanob Bhanu-IEEE SCET SB Chair.
