

A REPORT ON
IEEE SOU SB Outbound 2023

Date: 25th April, 2023

Venue: Club O7, Shela, Ahmedabad

**SILVER OAK UNIVERSITY
IEEE STUDENT BRANCH
OUTBOUND 2K23**

Introduction:

Silver Oak University IEEE Student Branch recently organized an exceptional Outbound Session for its Executive and Core Committee members. The outbound provided a much-needed break from their busy schedules and offered a range of thrilling adventure activities and team-building games that helped to foster a sense of teamwork, collaboration, and communication. The event was a huge success with member engaging activities. Silver Oak University IEEE Student Branch believes in providing its members with a well-rounded learning experience that enables them to develop life skills, leadership qualities and a sense of community spirit.

An unwavering support and motivation from Dr. Satvik Khara, *Dean of Diploma Engineering, SOU; Head, Department of Computer Engineering, SOCET, Founding Person of the Silver Oak University IEEE Student Branch; Chairperson of SIGHT, IEEE Gujarat Section, and the Secretary of the Computer Society, IEEE Gujarat Section* have been instrumental in organizing such outstanding events that offers the members a holistic learning experience. His commitment to promoting a culture of collaboration, inclusivity, and community spirit has been an inspiration to all the members.

About the Outbound:

Date: 25th April, 2023

Time: 10:30 AM - 07:00 PM

Venue: Club O7, Shela, Ahmedabad

Participants: 40

The day kicked off with a refreshing exploration of the beautiful natural surroundings of the venue, followed by an exciting range of available sports options. The members got an exciting opportunity to engage in a friendly game of Cricket & Badminton. The participation of the faculties was an added delight, further fuelling our enthusiasm and motivating us to work harder towards our goals. We believe in fostering a culture of collaboration and inclusivity, where our faculties actively participate in extracurricular activities alongside members.

After some exciting sports involvement, the members were given a well-deserved break to relish a delectable lunch, which was a perfect blend of taste and nutrition. During lunch, they had the opportunity to network and connect with each other. The networking session during the lunch allowed us them to interact with their fellow members of the Executive and Core Committee in a more informal setting, beyond the constraints of our usual work schedules. They were provided the chance to share their experiences and learn more about each other's backgrounds, interests, and aspirations. This not only helped them to establish deeper connections but also fostered a sense of community spirit amongst them.

After a day filled with engaging activities, there was a brief break which was enjoyed by refreshing high tea before participating in some exhilarating team-building activities. Additionally, some members had the pleasure of enjoying a refreshing swim, which helped them relax and rejuvenate. Everyone gathered for a fun-filled group meeting where several members showcased their talents, and the faculties shared several insightful stories and their

journey with IEEE. This helped the members to gain a deeper understanding of the organization's mission and provided them with valuable insights into the industry. The evening ended on a high note as everyone danced to the energetic beat during an impromptu session of Garba, a traditional Indian dance form. The session brought everyone together, fostering a sense of community spirit and camaraderie amongst us.

Conclusion:

In conclusion, the Outbound Session organized by the Silver Oak University IEEE Student Branch was a memorable experience that left us with a deep sense of gratitude, strengthened teamwork, and unforgettable moments of enjoyment. As Henry Ford once quoted, *"Coming together is a beginning, keeping together is progress, and working together is success,"* and the outbound truly embodied those sentiments.

Through a variety of engaging activities, including sports, team-building games, and talent showcases, everyone was able to connect with each other on a deeper level, building stronger relationships and fostering a sense of community spirit. The support and participation of all the faculties were integral to the success of the event, and everyone was grateful for their valuable contributions.

Some glimpses of the event:

A photograph comprising of all the attending members and faculties together as a group.

Dr. Satvik Khara and Prof. Mayuresh Kulkarni played an vivacious game of table tennis.

All members participated in an exciting game of box cricket.

The attendees also relished a delightful time engaging in the sport of badminton.

The members exhibited their skills and talents before the audience.
