A REPORT ON

Creative Canvas: A Workshop on Video Editing & Designing

Date: 6th May, 2023

Venue: B-116, B-Block, Silver Oak University

Introduction:

The human mind is a canvas waiting to be painted with the colours of creativity and imagination. And at Silver Oak University IEEE Student Branch, we believe in nurturing that creativity and providing a platform for students to express themselves through various artistic mediums. A workshop entitled 'Creative Canvas' was organized to encourage the participants to explore their creative potential.

About the Speakers:

This luminary workshop was led by:

1. **Mr. Divya Shah**, *Advisory Board Member of IEEE SOU SB, Unity Developer in Immersive Team at ViitorCloud Technologies.*
2. **Ms. Bhargavi Patel**, *Advisory Board Member of IEEE SOU SB, Trainee SQA Engineer at Tatvasoft.*
3. **Mr. Midhun Nair**, *Advisory Board Member of IEEE SOU SB, Software Developer Trainee at KTPL.*

About the Session:

Date: 6th May, 2023

Time: 10:30 AM – 03:00 PM

Venue: B-116, B-Block, Silver Oak University

Attendees: 30

The workshop began with a group of enthusiastic participants who were eager to learn about creative tools including Filmora, Animiz, Adobe Illustrator, and Adobe Photoshop. The workshop was divided into two parts: the first part focused on the Audio Video Workshop, while the second part was dedicated to learning Adobe Illustrator and Adobe Photoshop. What was particularly inspiring about the workshop was that it attracted not only student members but also faculties who participated actively. The session was initiated by Mr. Divya Shah, who introduced the video editing software Filmora while explaining the tools and the functionality, demonstrating how they could be effectively utilized. A twenty-minute task was assigned to the participants to create a video with transition effects and audio using the skills they learned in the Filmora software tutorial. After that, he started to introduce the animation-making software Animiz, providing an overview of its tools and various applications but also illustrating how they could be used through examples. That way, the first half of the session concluded with the participants feeling enthusiastic and energetic.

After that, Mr. Midhun Nair and Ms. Bhargavi Patel commenced the second session, continuing the workshop with the same level of enthusiasm, where they guided the attendees about Adobe Photoshop and Adobe Illustrator. Ms. Bhargavi Patel began the Illustrator session, explaining the various tools and providing a demonstration of their use through examples, including a Diwali-themed illustration while Mr. Midhun Nair imparted

understanding on Adobe Photoshop by introducing the software and illustrating its various tools.

To demonstrate their use, he provided examples and also assigned the participants the task of creating a certificate with the help of Illustrator and Photoshop. The workshop wrapped up with active participation from the attendees in the Q&A session.

Conclusion:

This insightful session surely taught a lot and made an ethical impression of creative tools on everyone's mind, and this was only possible because of the guidance of our esteemed founder **Dr. Satvik Khara**, *Dean, Diploma Engineering, SOU; Head, Department of Computer Engineering, SOCET; Chairperson, SIGHT, IEEE Gujarat Section, and Secretary, Computer Society, IEEE Gujarat Section.* The workshop was able to encourage participants to unleash their creative potential and explore new ways of expressing themselves. The distinguished speaker's approach to handling creative canvas was highly appreciated by both the students and faculties in attendance.

Some glimpses of the event:

Speaker Mr. Divya Shah explaining the ins and outs of animation and video editing.

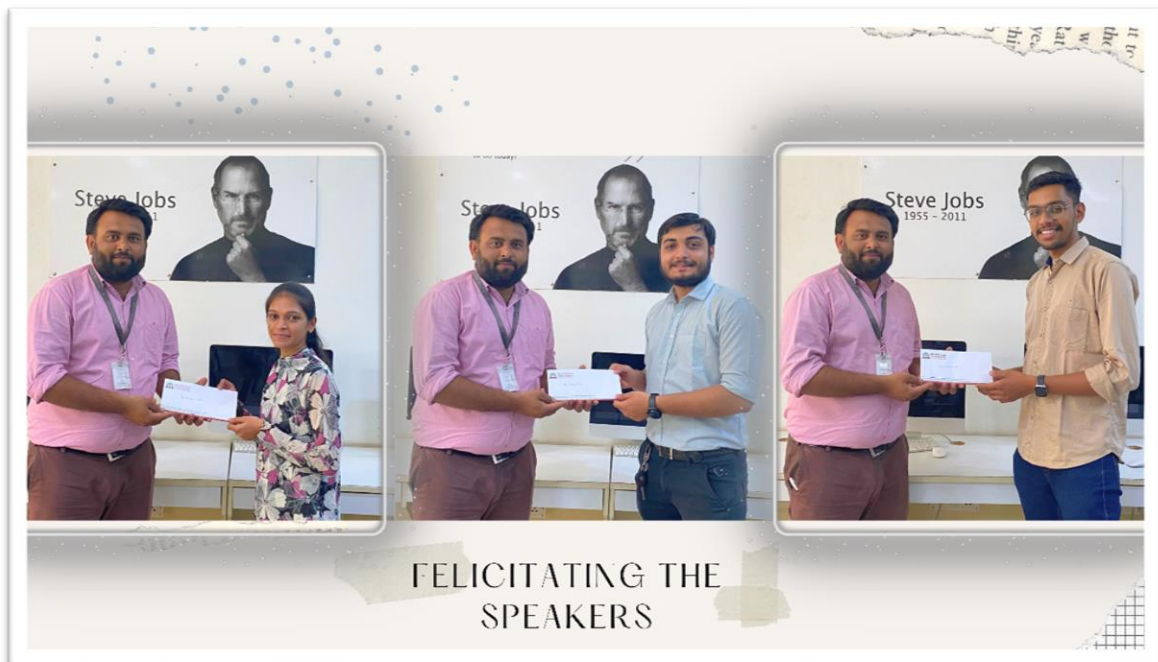

Exploring new worlds of creativity - participants of all backgrounds join forces in the Creative Canvas workshop to learn and grow together.

Exploring the world of design with Mr. Midhun Nair! Participants sharpen their Photoshop skills with creativity and innovation.

Hands-on learning: Participants exploring their creative potential in the workshop!

Prof. Digant Parmar expresses heartfelt gratitude to Ms. Bhargavi Patel, Mr. Divya Shah and Mr. Midhun Nair for an enlightening session on video editing, designing, sparking creativity and empowering minds.
