

# IEEE Southeastern Michigan Section

Presents

## “Senior Membership Elevation 2<sup>nd</sup> Round Up”

IEEE Southeastern Michigan Section will reprise its Senior Member Round up event, on April 5<sup>th</sup> 2024 between 10 AM and 11:30 AM. Senior Member Reviewers will assist interested member candidates with significant years of experience in their profession.

### The way it works is:

- At least 10 years of significant experience with bachelor’s degree needs be established to initiate the senior membership elevation.
- If you have a Master’s, that is equivalent to 2 years of significant experience. So, you will need 8 additional years to qualify.
- If you have a PhD degree - that is 5 years of significant experience, so you need 5 additional years of experience beyond that.

There is no cost to becoming a Senior Member, and this step is a necessary prelude to seeking the IEEE ‘Fellow’ level. For a complete description of the Senior Member process and its benefits, see the link: [https://www.ieee.org/membership\\_services/membership/grade\\_elevation.html](https://www.ieee.org/membership_services/membership/grade_elevation.html)

*Potential senior members, please register on this site for the event and be ready with digital copies of your resume, and relevant supporting materials, to share with reviewers.*

*Existing Senior Members are requested to also register and assist potential new members with their application processing.*

## Pre-Registration Required!
