Chowdavaram :: Guntur:: 522019
Sponsored by Nagarjuna Education society:: Affiliated to ANU
Department of Electrical and Electronics Engineering**

IEEE STUDENT BRANCH

DATE: 04-04-2024

Report on SPAX Sponsered Event “Skill Development Workshop on Innovation and Design Thinking” conducted on 03-04-2024 & 04-04-2024 from 9: 00 AM. to 5:00 pm :

Event Details:

Venue: SJB Seminar hall

Mode of the Event: In Person

Speaker details and Brief profile:

Dr. Kumudhini Ravindra is a Business Transformation Leader with two and a half decades of multidisciplinary experience. She is the Principal Partner – Strategic Innovation, Sustainability & Standards at Innomantra Consulting, and Chief Mentor & Founder of Blue Lotus Inc. Her expertise is in the areas of clean technologies, innovation, design, and systems thinking. She is also the expert delegate from India on the ISO Technical Committee for drafting the Innovation Management Systems Standards (ISO 56000 series).

A recognized thought leader, Dr. Kumudhini has worked and contributed to various clean tech projects across the globe. Her work on designing and implementing community microgrids was pioneering research on Microgrids in India. She has a strong quantitative & system modelling background along with Innovation Product Lifecycle Management (iPLM) experience. Prior to Innomantra, Dr. Kumudhini was the CTO at Noorgo Inc a U.S Innovation and Idea

Management organization. She has been a co-founder of several Cleantech and education-based organizations; and brings with her a focused approach to problem solving. She has created scaling up and growth strategies for companies in cleantech and hi-tech industries. She held senior roles as a Business Strategy Consultant, Senior Business Analyst and Systems Engineer for hi-tech firms like Tata Infotech, Daimler Chrysler India, Power Research & Development Consultants along with mentoring startups like Nisiki Technologies, Sky Group, Pranava Biofuels, and Chalkboard Academy. She has been a serial entrepreneur. Dr. Kumudhini has a Ph.D. in Energy Modelling and Management from the Indian Institute of Science (IISc), Bangalore, India. She holds an MBA from the Department of Management Studies, IISc; a BE (Electrical & Electronics) from UVCE, Bangalore University, and was a short-term Research Scholar at the Lawrence Berkeley National Laboratory in 2010. She has a PG Diploma in Innovation & Design Thinking from Emeritus Institute Singapore. Kumudhini was a university rank holder and has won many accolades from industry and academia over the years. Dr. Kumudhini has been an active member of IEEE for over 15 years and has held executive positions in Power & Energy

Society and Women in Engineering. She was the Chair of IEEE Bangalore WIE AG in 2022 and was Chair Elect of the Education Society IEEE Bangalore Section (2020-23). She is the Chair of the Energy working group of the IET India Future Technology Panel. She mentors government agencies, educational institutions, and startups with a focus on strategy, innovation, and process re-engineering. She has also authored books, numerous articles in international peer-reviewed journals and is a visiting faculty in management and engineering institutions across India.

Mobile no. 091-8660246064

Email: kumudh.r@ieee.org

Objectives:

- Foster innovation and creativity among participants.
- Introduce systematic approaches to innovation and design thinking.
- Provide practical tools for problem-solving and idea generation.
- Enhance skills in identifying opportunities and developing innovative solutions.
- Encourage a mindset of continuous learning and experimentation.

Event Description:

- Led by Dr. Kumidhini Ravindra, participants engaged in activities focusing on systematic innovation.
- Dr. Ravindra emphasized the importance of a balanced mindset and introduced the design thinking process.
- Activities included non-dominant hand exercises and cube-making to stimulate creativity.
- Participants learned to embrace ambiguity through divergent and convergent thinking.

Benefits from the Event:

- Development of an Innovator's mindset.
- Acquisition of practical problem-solving techniques.
- Enhancement of skills in opportunity identification and solution development.
- Introduction to systematic approaches to innovation.
- Encouragement of continuous learning and experimentation.

The SPAX sponsored workshop successfully instilled a culture of innovation and creativity among participants. It provided valuable tools and techniques for problem-solving and idea generation.
