

# IEEE SB NBKRIST 2024-2025

## Event Report

<b>Event Name</b>	: Snap & Stamp
<b>Conducted On</b>	: 1 <sup>st</sup> oct 2024
<b>Venue</b>	: CSE Block
<b>Event Organized By</b>	: 4th year IEEE members

### About the event:

#### Introduction:

On October 1st, 2024, the IEEE Student Branch of NBKRIST celebrated IEEE Day with great enthusiasm and participation. The day was marked with significant events, each showcasing different aspects of innovation, creativity, and community building.

#### Snap & Stamp: Capturing Memories and Leaving Legacies

The evening session, titled "Snap & Stamp," was the highlight of our IEEE Day celebration. This event combined fun, creativity, and a sense of community in two exciting activities:

##### 1. Photo Booth Extravaganza

- A professionally set up photo booth invited attendees to capture memorable moments.
- Friends, teams, and colleagues posed together, creating lasting mementos of the day.
- Props and IEEE-themed accessories were provided to add an extra layer of fun to the photos.
- Participants received instant printouts of their photos, with digital copies made available for sharing on social media.

##### 2. IEEE Day Banner Handprint Activity

- A large, blank banner became the canvas for our community's creativity.
- Attendees were invited to leave their colorful handprints on the banner.
- Each handprint symbolized an individual's contribution to our IEEE community.
- The activity created a visual representation of our diverse and united IEEE family.
- The completed banner will be displayed prominently in our department as a reminder of this special day.

The "Snap & Stamp" event was particularly successful in:

- Fostering a sense of belonging among IEEE members
- Creating tangible memories of IEEE Day 2024
- Encouraging interaction and networking in a fun, informal setting
- Leaving a lasting legacy through the handprint banner

### **Conclusion:**

The IEEE Day celebration at NBKRIST was a resounding success, bringing together students, faculty, and innovation enthusiasts. The launch of Innovacion Magazine set the stage for future collaborations and idea-sharing, while the "Snap & Stamp" event created lasting memories and a strong sense of community.

The enthusiasm and participation demonstrated throughout the day reflect the vibrant spirit of our IEEE Student Branch. As we look forward to future events, we carry with us the inspiration, connections, and memories made during this special IEEE Day celebrations.
