**Content of the event in 50 to 80 Words
(Including Speaker details)**

Introduction:

An Photonics Quiz is a fun and interactive virtual event designed to engage participants in the fascinating world of photonics through a series of trivia questions. It's an excellent opportunity for students, professionals, and enthusiasts to test their knowledge, learn new facts, and network with others who share an interest in the field.

OBJECTIVES:

- To create an engaging platform for students, professionals, and enthusiasts to showcase their knowledge of photonics
- To foster learning, networking, and community building among participants
- To promote awareness and interest in the field of photonics

Expected Outcomes (20 to 30 Words)

Identification of emerging talents and innovative thinkers within the community, fostering future collaborations and opportunities. Participants gain new skills and knowledge through workshops and hands-on experiences, equipping them for future challenges in their fields. Development of creative solutions to the puzzles and challenges presented during the event, showcasing the power of teamwork and diverse thinking. Acknowledgment of outstanding contributions and solutions, motivating participants to strive for excellence in their future endeavours.
