

**IEEE POWER
ELECTRONICS SOCIETY**
Powering a Sustainable Future

STUDENT BRANCH CHAPTER AT VIRGINIA TECH
PELS Distinguished Lecture

**Dr. Chris Mi, Fellow IEEE & SAE
Distinguished Professor
San Diego State University**

**Wireless Power Transfer from
Science Fiction to Reality**

This talk will explore how wireless power transfer has evolved from a long-standing dream into a transformative reality, enabling innovations like untethered electric vehicles, autonomous robots, and more.

**Friday, December 13th
3 pm EST**

**Hybrid Event- Zoom link
in the registration form**
