Saturday March 30, 2019 | 9:30 AM – 12:30 PM
at

**Dublin San Ramon Services District
7051 Dublin Blvd, Dublin, CA 94568**

IEEE members, students, and young professionals – come join us in learning about wastewater treatment processes as we tour the Dublin San Ramon Services District Wastewater Treatment Plant! Uncover possible career paths related to various engineering disciplines, including medium-voltage power distribution, process control systems, control systems programming, and plant operations, and see how critical facilities such as this serve the public.
