IEEE DAY 2024 CELEBRATION

IEEE STUDENT BRANCH DSU

Date: October 1, 2024

Theme: "Leveraging Technology for a Better Tomorrow"

The IEEE Student Branch of Dayananda Sagar University (DSU) enthusiastically celebrated IEEE Day 2024 on October 1st, reflecting the theme "**Leveraging Technology for a Better Tomorrow**". The event brought together students and faculty to commemorate the global contributions of IEEE toward technological advancement.

The celebration began with an inspiring address by **Dr. Arun Balodi**, Professor and Chairperson of the Department of Electronics and Communication Engineering, and Vice Chair of the IEEE Signal Processing Society (SPS) Bangalore Chapter. Dr. Balodi congratulated the student branch on their achievements and shared his best wishes for future endeavors. He emphasized the importance of technology in shaping a better future and urged students to actively engage in IEEE activities to stay ahead in the evolving world of technology.

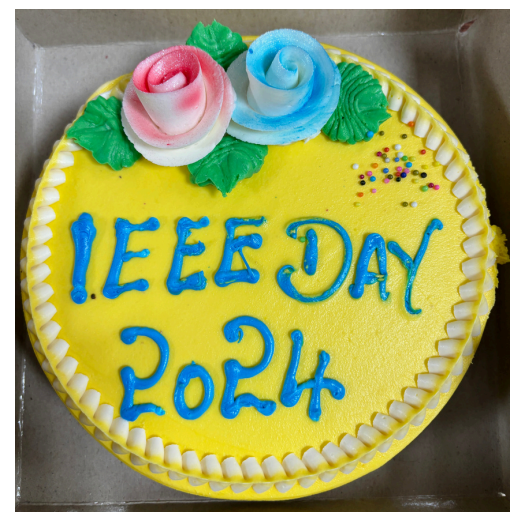

Dr. Pushpamala S, IEEE Student Branch Counsellor at DSU, also shared her thoughts, highlighting the growth of the student branch and the opportunities that IEEE provides to students for learning and professional development.

A ceremonial cake-cutting followed, led by the Chairpersons of various societies within the DSU Student Chapter. This moment symbolized the unity and collaborative spirit of the IEEE student community at DSU.

The event was filled with excitement as students and faculty reflected on the opportunities ahead, with discussions centered on future initiatives aimed at contributing to technological advancements for societal benefit.

Dr. Udaya Kumar Reddy, Dean of the School of Engineering at DSU, He extended his heartfelt wishes to the IEEE Student Branch.

CHEERS!

The celebration concluded with a networking session, fostering discussions on upcoming IEEE activities and projects aligned with the global mission of leveraging technology for a brighter tomorrow.

The IEEE Student Branch of DSU extends its gratitude to all the dignitaries, faculty, and students who participated in making the event a memorable success. We look forward to continuing our journey of innovation, collaboration, and technological excellence.
