

## **4-DAYS FLUTTER WORKSHOP**

**Name of Organizer :** Dr.Soma Prathiba, Chapter Advisor of CS Society of IEEE CS Society of Sri Sairam Engineering College

**Venue:** Online (GOOGLE MEET)

**Date of Event:** 15th,16th,17th and 19th of January [7:00 - 8:30 pm]

**Topic:** 4-Days FLUTTER WORKSHOP

**Audience:** Students

**Attendance:** 88

**Resource person:** Mr. Venkata Sai Muralidharan

### **Agenda:**

1. The 4-day Flutter Workshop provided attendees with hands-on training in Flutter development, equipping them with essential skills.
2. The event began with an inaugural session, featuring insightful addresses from Dr. Soma Prathibha, Dr. T. Sheela, and Mr. Ram Pavithran, followed by an introductory session by the trainer, Mr. Venkata Sai Muralidharan.
3. Day 2 & 3 focused on practical learning, covering Flutter UI, navigation, API integration, and project development with interactive Q&A sessions.
4. On the final day, participants presented their projects, receiving constructive feedback and suggestions from the trainer.
5. A felicitation ceremony honored the trainer with an e-memento in appreciation of his guidance.
6. The event concluded with a vote of thanks and acknowledgments, recognizing the efforts of the trainer, participants, and organizing team.
7. Overall, the workshop significantly enhanced technical knowledge, improved problem-solving skills, and encouraged collaborative learning among attendees

## **Impact of the Event:**

The 4-Day Flutter Workshop conducted by IEEE Computer Society Student Branch Chapter (SBC), Sri Sai Ram Engineering College, created a profound impact on the attendees, fostering a deep understanding of Flutter and its applications in mobile app development. The event was meticulously structured to cater to students from diverse technical backgrounds, ensuring that both beginners and those with prior experience gained valuable insights.

From Day 1, participants were introduced to the fundamentals of Flutter, setting a strong foundation for the upcoming hands-on sessions. The engaging and interactive trainer sessions on Days 2 and 3, led by Mr. Venkata Sai Muralidharan, allowed students to apply theoretical concepts in real time, work on mini-projects, and troubleshoot challenges with expert guidance. The Q&A sessions played a crucial role in clarifying doubts and encouraging students to think critically about app development.

The final day was the most exciting, as it provided attendees an opportunity to showcase their learning through a project review session. This session allowed participants to present their Flutter-based applications, receive constructive feedback, and understand areas for improvement. The sense of accomplishment among students was evident, as they successfully built and demonstrated their projects, reinforcing their confidence in mobile app development.

Beyond technical learning, the workshop fostered collaboration, problem-solving, and innovation. Students from different disciplines worked together, sharing ideas and solutions, which enhanced their teamwork and communication skills. The event also highlighted the importance of staying updated with modern technologies, preparing attendees for future career opportunities in software development.

To acknowledge and appreciate the hard work and creativity of participants, the best performers were recognized:

#### WINNERS OF FLUTTER WORKSHOP

-  1st Place - Blessed Samueles N G (1st Year IT)
-  2nd Place - Sharmila S (3rd Year CSE - IoT)
-  3rd Place (Tie) - Nandeesh S (1st Year B.E CSE - AIML) & Sanjaykumar S S (2nd Year CSE)

These winners demonstrated exceptional skills, innovation, and problem-solving abilities in their project implementations.

Overall, the Flutter Workshop was a transformative experience that empowered students with real-world technical expertise, problem-solving skills, and industry exposure. The event successfully ignited curiosity and enthusiasm for mobile app development, ensuring that participants are well-prepared to explore further advancements in Flutter and software development. The impact of this workshop will resonate beyond these four days, as attendees continue their journey in technology and innovation.
