OUR COMMITMENT
Diversity and Inclusion
Diversity and Inclusion are central to the goals of the IEEE Computer Society. Our efforts are aimed at empowering our community to increase inclusivity throughout computing. For this reason, the IEEE Computer Society is firmly committed to team compositions in all sponsored activities, including but not limited to, technical committees, steering committees, conference organizations, standards committees, and ad hoc committees that display Equity, Diversity, and Inclusion.
Awarded over $82,000 in D&I Grants the last two years!
