Guest Lecture on

“IEEE - An unique opportunity to enhance your career”

Conducted by

***IEEE Photonics Society Student Chapter
At Hindustan Institute of Technology and Science***

(SBC29351H - Hindustan Institute of Technology & Science,PHO36)

With 80 student members and 10 professional members, Hindustan University has established an IEEE photonics society student chapter at its campus. The main motto behind establishing the Student Branch at Hindustan institute of technology and science is to provide a platform to the students where they can interact with their peer group from around the section and also with the professional members from around the globe. Several activities that would help the students in fostering their core knowledge and at the same time nurture their leadership and managerial skills are being planned as part of the academic year.

The main objective to establishing the IEEE Photonics Society Student Chapter at Hindustan Institute of Technology and Science will further open different student chapter in the department there by involving UG and PG students, Research Scholars & faculty in IEEE activities and awareness through conduction of technical seminars, workshops, conferences, project competitions and other technical & Cultural activities. The speech by the guest Dr. T. D. Subhash inspired the students a lot. All students and faculty were attended and graced the ceremony. In conclusion, the IEEE Photonics Society Student Chapter Inauguration at Hindustan Institute of Technology and Science was a great success. The event provided a platform for students to learn and interact with professionals from various college and industries. The participation of students and Faculty further enhanced the value of the event and provided the students with a broader perspective on the field of Photonics. We hope that the IEEE Student Chapter will continue to grow and provide opportunities for the students to enhance their technical skills in their careers.
