Agenda

1) Welcome - Selection of a keeper of the minutes – Minute approval (Chair : Serge Dos Santos)	10:00-10:10
2) UFFC state of the art in France – 1st year Anniversary of the French Chapter (Chair :)	10:10-10:30
3) Elections Action Plan – Board constitution	10:30-11:00
4) Review of business case and task setting	11:00-11:45
- Parrainage d'événements UFFC France	
5) Lunch	12:00-14:00
6) Strategy and Fundings for 2025 (Chair :)	14:00-15:00
- MoU Sponsor 2025 : Vermon, TPAC	
- Budget 2025	
7) Tech Talk, Mickael Lallart, INSA Lyon (Chair : Bertrand Vilquin)	15:00-15:30
8) Technical Meetings (Ultrasonics, Ferroelectrics, Frequency Control)	15:30-15:45
9) IEEE Awards, Fellow, Distinguished Lecturer – DL (Chair : Serge Dos Santos)	15:45-16:00
10) Upcoming Tech Talk	16:00-16:15
11) AOB (Site Web, ...)	16:15-16:25
12) Secure the next meeting	16:25-16:30
13) Visite du Laboratoire de l'INL (Chair : Bertrand Vilquin)	16:30-17:00
Adjourn	17:00

Welcome !

🙏 IEEE Approver Comments - [Dragan Damjanovic]: France has extensive and vibrant activities in all three subareas of the UFFC Society (ultrasonics, ferroelectrics, and frequency control). The petitioners are well-known and respected members of the community who have been active in organizing the Society's flagship conferences and are well acquainted with IEEE rules. Establishing a Chapter in France will facilitate the organization of various technical and educational activities, thereby contributing to the advancement of the Society's and IEEE's goals and mission. Additionally, the activities of the UFFC Chapter in France are expected to help increase the Society's membership across all categories.

France

Dear Serge Dos Santos:

Congratulations! On behalf of the IEEE Member and Geographic Activities Vice President, Deepak Mathur, and IEEE Technical Activities Vice President, Manfred J Schindler, it is a pleasure to inform you that the requirements of the MGA Board Operations Manual have been met, and the IEEE France Section Ultrasonics, Ferroelectrics, and Frequency Control Society Chapter has been formed. The effective date of this chapter formation is 06 February 2024.

You have been recorded as the Chapter Chair. When an election has been held, please report the name and member number of the new Chapter Chair to the IEEE using the online officer reporting tool at <https://officers.vtools.ieee.org/>. Valuable information regarding IEEE Society Chapters can be found at <https://mga.ieee.org/resources-operations/geographic-unit/chapters>. If we can assist you in any way in the planning of the chapter activities, please let us know.

We extend our best wishes for the successful operation of this chapter.

Sincerely,

Cecelia Jankowski

Cecelia Jankowski
Managing Director
Member and Geographic Activities

cc: D. Mathur – Member and Geographic Activities Vice President
M. Schindler – Technical Activities Vice President
V. Piuri – Region 8 Director
D. Damjanovic – Ultrasonics, Ferroelectrics, and Frequency Control Society President
L. Yi – Ultrasonics, Ferroelectrics, and Frequency Control Society Chapters
R. Garelo – France Section Chair
K. Gilbert – Technical Activities Managing Director

Keeper of the minutes – Minutes approval

France Section Chapter, UFFC20 (CH08924)

Technical Meeting UFFC France Chapter

4 décembre 2024, 9h-17h, LIB CNRS, Paris

Compte Rendu de la Réunion

Ivan Suarez, Lori Bridal et Serge Dos Santos

Présents :

Alice Aubry, Ausrine Bartasyte, Lori Bridal, Ewen Carcreff, Manon Caudoux, Sylvain Chatillon, Etienne Coffy, Lea Davenet, Thomas Duffieux, Serge Dos Santos, Cecile Floer, Frederic Jean, Ivan Suarez-Castellanos, Francois Varray, Bertrand Vilquin.

Agenda

Welcome - Selection of a keeper of the minutes (Ivan Suarez) – Minutes approval

- Round table of participants
- Minutes of the Kick-off (march 2024) and CEA (sept 2024) meetings approved

Review of business case and task setting

- 80 IEEE UFFC members as of 03/12/2024 (6 student members).
- Is there a way that we can help students register without paying out of pocket?
- There are French members of IEEE that apply for positions at IEEE UFFC but do not go through the chapter.
- Today, we vote for a “Young Professional” representative
 - For 15 years after IEEE subscription + Master diploma.
 - Potential for additional funding and activities.
 - Cécile Floer, Nancy as candidate. PhD at Lorraine University in Nancy. Postdoc in acoustofluidics at UCSD. Student Representative AdCom at UFFC. Position confirmed.
- Student chapters – multidisciplinary associated to a secondary education institution: Bordeaux, Lille and Saint-Etienne.
- Proposition by Serge: 11 people in the UFFC France 2025 Chapter board.

Vote !

Review of business case and task setting

Recommendations for the business plan, with the France Section point of view (René Garelo)

- 1/ Link with the UFFC Community which is quite diverse. Provide a recognition for this activity within the Section. Benefit from the Section support when **organising seminars, workshop and conferences**, and for **financial aspects** (bank account, etc.). Benefit from the Section communication strategy.
- 2/ I'm suggesting seminars for the interactions. Also, a presentation of these potential activities via a **webinar**, that we could publicize via **LinkedIn and Youtube**.
- 3/ Again, as Section chair, I suggest to have a diversity of actions, large enough for running for the title of "Chapter of the Year".
- 4/ List of **labs and University/ Engineering Schools**. List of **members engaged in IEEE activities**.

PREAMBLE

IEEE is the world's largest technical professional organization dedicated to advancing technology for the benefit of humanity.

IEEE's core purpose is to foster technological innovation and excellence for the benefit of humanity. IEEE will be essential to the global technical community and to technical professionals everywhere and be universally recognized for the contributions of technology and of technical professionals in improving global conditions.

IEEE France is the Organisational Unit (OU) supervising and managing the IEEE French members, their chapters and affinity groups.

VERMON is a French company that design and manufacture customized state-of-the-art ultrasound transducers for medical and industrial applications.

The Parties have then decided to collaborate to support the development of the IEEE UFFC France Chapter (hereafter the "Project") and to conclude the present Agreement, in order to determine the terms and conditions for carrying out the Project.

NOW, THEREFORE, the Parties agree as follows.

1) Purpose

This agreement (hereafter the « Agreement ») and its Appendices aim to establish the terms and conditions for carrying out the Project. The Agreement is governed by the terms of the General Terms and Conditions - Partnership (hereafter the « GTC ») attached in Appendix 1.

The Parties have the objectives to IEEE UFFC FRANCE, and VERMON for its participation in the development of the IEEE UFFC FRANCE CHAPTER.

2) Parties' contribution

2.1. VERMON's contribution

For the period from September 1st, 2024, to Dec 31st, 2024, VERMON sponsored a networking cocktail hosted by the France UFFC Chapter during the IEEE-UFFC congress in Taipei. The event took place at the Grand Hailai Hotel on Wednesday, September 25th, after the UFFC-JS technical sessions. It marked a special occasion to celebrate the foundation of the France UFFC Chapter, which had been approved by IEEE UFFC-S earlier that year.

VERMON directly covered the costs of the cocktail, totaling 2,326.26€ (see Annex 1). The event was organized by volunteers from the IEEE UFFC France Chapter. This sponsorship constitutes VERMON's contribution to supporting the France UFFC Chapter for the stated period.

Appendix 1: GENERAL TERMS AND CONDITIONS -PARTNERSHIP

2.2 The Partner's contribution

In order to contribute to the Project, the Partner undertakes to organized the aforementioned event.

3) Compensation

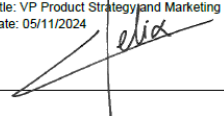

For the entire duration of the Agreement, the Partner undertakes to mention VERMON's support on all communication media related to the Project and in particular to reproduce VERMON's logo on all written documents related to the Project, in accordance with the provisions of the Intellectual Property article of the GTC.

The Partner authorises VERMON to mention its support action in its own internal and external communication, on all media.

4) Duration

The Agreement shall become effective as from 01/09/2024 and shall remain in effect till Dec 31st, 2024, unless earlier terminated according to the terms of the GTC. The term of the Agreement is fixed and unchangeable and can only be extended by means of an amendment.

IN WITNESS WHEREOF, the Parties hereto have executed this Agreement by electronic signature (DocuSign).

AND

DB SAS or any other company affiliated with DB SAS

Hereafter « **DB SAS** »

The Partner and DB SAS may individually be referred to as "**Party**" and, collectively as "**Parties**".

PREAMBLE

IEEE is the world's largest technical professional organization dedicated to advancing technology for the benefit of humanity. IEEE's core purpose is to foster technological innovation and excellence for the benefit of humanity. IEEE will be essential to the global technical community and to technical professionals everywhere, and be universally recognized for the contributions of technology and of technical professionals in improving global conditions. IEEE France is the Organisational Unit (OU) supervising and managing the IEEE French members, their chapters and affinity groups.

DB SAS is a French company that

The Parties have then decided to collaborate in order to support the development of the IEEE UFFC France Chapter (hereafter the "**Project**") and to conclude the present Agreement, in order to determine the terms and conditions for carrying out the Project.

NOW, THEREFORE, the Parties agree as follows.

1) Purpose

This agreement (hereafter the « **Agreement** ») and its Appendices aim to establish the terms and conditions for carrying out the Project. The Agreement is governed by the terms of the General Terms and Conditions – Partnership (hereafter the « **GTC** ») attached in **Appendix 1**.

The Parties have the objectives to organize technical events with industries, universities, schools of engineering, involving students, Young Professionals and Members of the IEEE UFFC France Chapter with the objective of its participation in the development of the Innovation.

2) Parties' contribution

2.1. DB SAS's contribution

In order to contribute to the Project, DB SAS undertakes to make a financial contribution of 500 €/year all taxes included to the Partner (hereafter the « **Financial contribution** ») under the conditions set out in the GTC. The Financial contribution aims to cover the costs of the IEEE UFFC France Chapter.

Payment of the Financial contribution will be made by bank transfer to the Partner's account after the Agreement's signature:

Account owner: IEEE FRANCE SECTION
RIB: 30066 10791 00010221701 85
IBAN: FR76 3006 6107 9100 0102 2170 185
BIC: CMCIFRPP

PJ

Appendix 1: GENERAL TERMS AND CONDITIONS –PARTNERSHIP

2.2 The Partner's contribution

In order to contribute to the Project, the Partner undertakes to DB SAS:

3) Compensation

For the entire duration of the Agreement, the Partner undertakes to mention DB SAS's support on all communication media related to the Project and in particular to reproduce DB SAS's logo on all written documents related to the Project, in accordance with the provisions of the Intellectual Property article of the GTC. The Partner authorises DB SAS to mention its support action in its own internal and external communication, on all media.

4) Duration

The Agreement shall become effective as from Jan, 1st 2025 and shall remain in effect for 3 years, unless earlier terminated according to the terms of the GTC. The term of the Agreement is fixed and unchangeable and can only be extended by means of an amendment.

IN WITNESS WHEREOF, the Parties hereto have executed this Agreement by electronic signature (DocuSign).

Le 06/01/2025 à 10:07, Serge DOS SANTOS a écrit :

Chers collègues,

en cette nouvelle année 2025, recevez mes meilleurs vœux de santé et de prospérité.

Action urgente SVP : nous sommes 80 membres UFFC France et je propose de constituer une liste de candidats potentiels au grade de Fellow. Merci de me suggérer des noms de collègues avant la fin de la semaine. Je rappelle que les candidats ne sont pas forcément inscrits à UFFC en 2024 ou 2025. C'est également un moyen de renforcer notre communauté et d'augmenter le nombre de membres de notre chapitre.

Merci d'avance de votre collaboration.

Bonne journée,

Serge

French UFFC Chapter Cocktail : Taipei, IUS

Thanks to the kind patronage of Vernon, French participants at the Joint Symposium of IEEE UFFC in Taipei will be invited to a cocktail on Wednesday at 18 h

Registration is free but registration with vtools will be required (maximum number of registrations ~40 due to room size).

The purpose of the event is to introduce the chapter fully to the French UFFC community, to provide privileged time for networking and just to have a nice time together.

Chairs : Lori and Omar

vermon

Event 1 : Symposium: Recherche en Imagerie et Technologies pour la Santé (RITS)

- ▶ Organized every other year by the *Société Française du Génie Biologique et Médical*
- ▶ Unites biomedical engineers from around France with a particular emphasis on giving young researchers a chance to present and extend their network in France.
- ▶ 5 - 7 June 2024 in Aubière
- ▶ A special session to promote work in IEEE UFFC was organized

IEEE Chapter

The 5 main points – Renew leaders

► 4. Officer Terms and Eligibility

- Officers are elected by chapter members of Graduate Student Member, Member, Senior Member, and Fellow grades.
- Elections occur every one or **two years**, based on the term defined by the chapter's parent geographical unit.
- The term of office is one or two years, **defaulting to two years** if not specified in the local operating procedures.
- Officer terms normally run from January 1 through December 31.
- Service in one position is generally **capped at four years**, with a total service limit of six years across all positions within any single organizational unit. Exceptions require approval.
- Newly elected or appointed officers must be reported to the IEEE MGA department via the Section or Council Secretary within 20 days of their election or appointment.

Elections every 2 years
Chapter chair must change every 4 years
