## A REPORT ON **IEEE SIGHT Day Celebration 2025**

**Date:** 29<sup>th</sup> April 2025

**Venue:** Jeevan Sandhya Old Age Home, Naranpura, Ahmedabad

# **IEEE SIGHT DAY CELEBRATION**

**A day to reflect, rejoice and renew our faith.**

## **Introduction:**

**“IEEE SIGHT Day Celebration 2025”**, a visit to the **Jeevan Sandhya Old Age Home**, organized by **IEEE SOU SIGHT SBG** and **IEEE SOU SB**, in collaboration with **IEEE SIGHT GS**, was a heartfelt attempt to connect with the elderly residents, listen to their stories and foster community spirit through fun activities. The visit was aligned with IEEE SIGHT’s mission of using technology for the betterment of society and reflected our commitment to meaningful community engagement.

## **About the session:**

**Date:** 29<sup>th</sup> April 2025

**Time:** 09:30 A.M. - 11:00 A.M.

**Venue:** Jeevan Sandhya Old Age Home, Naranpura, Ahmedabad

**Participants:** 64

As part of IEEE SIGHT Day celebration, volunteers had the opportunity to visit a nurturing old age home dedicated to the care and comfort of elderly citizens. Upon their arrival, they were warmly welcomed by the owner of the old age home, who introduced them to the elderly residents and offered a glimpse into their day-to-day life at the home. He also shared how the home was founded with just five residents living in a small room and how it is operated entirely on donations, without any financial support from the government. Despite their age, their eagerness to learn something new was really inspiring. Many of them were genuinely curious about the world around them and eager to engage with us in discussions to learn new technology along with its recent updates.

To make their day more joyful, the volunteers introduced residents to a thrilling experience of Virtual Reality (VR), by offering them a firsthand experience of how far technology has come. For many of them, it was their first time exploring such immersive digital technology, which brought wide smiles to their faces. Thereafter, one of the team members had a brief awareness session about the risks of scam messages and fraud calls, alerting them not to share their personal data and OTP with these types of cyber criminals.

To maintain enthusiasm and engagement, volunteers conducted some interactive activities where participants sang songs, recited poetry and shared memorable life experiences. They received heartfelt blessings and valuable advice from the elders, concluding the visit with hearts full of warmth and cherished memories. The visit reaffirmed that despite technological advancements, true impact lies in meaningful human connection and care. At the end, a letter of thanks was presented to the old age home as a gesture of appreciation.

## **Conclusion:**

This visit to the old age home brought immense joy to the elderly residents and created a meaningful platform for interaction between generations. Through fun activities and games, participants were able to promote emotional connections and uplift the spirits of the residents. The visit also encouraged discussions on how modern tools and advancements are helpful to better serve the aging population. The event not only brought smiles to the faces of the elderly but also gave the volunteers an opportunity to reflect on human values and technological progress, making this IEEE SIGHT Day a truly memorable celebration.

IEEE SIGHT Day celebration saw success under the essential guidance and support of Dr. Satvik Khara Sir, Dean, College of Technology, Design and Computer Applications; IEEE Senior Member; Chairperson, SIGHT, IEEE Gujarat Section; Chairperson, Technical Activity, Computer Society, IEEE Gujarat Section; Advisor, Silver Oak University IEEE Computer Society Student Branch Chapter; Founding Member, Silver Oak University IEEE Student Branch.
