IEEE R1 R2 YOUNG PROFESSIONALS AMPLIFIED CLEVELAND

Taking place on **July 11 and 12**, this two-day event offers young professionals a unique opportunity to enhance their skills and grow their network through engaging presentations, panels, and relaxed social settings.

Starting with a casual social in Chagrin Falls on Friday night and wrapping up with dinner in the Flats on Saturday, attendees will be in a welcoming environment that allows them to start making meaningful connections right away.

The main event on Saturday will feature real-world insights and personal stories from early-career professionals, career advice from recruiters, and a high-impact talk from IEEE Region 1 Director Bala Prasanna on strategies to thrive in a competitive world. Attendees will also get to see how AI is improving self-driving cars in a presentation from guest speaker Kartik Srinivasan. With real-world examples, personal anecdotes, and career-shaping insights. This event will help you shift your perspective from surviving to **thriving** as well build your network. Whether you're a recent graduate, early-career professional, or just looking to sharpen your edge—this session is your roadmap the right career decisions.

Whether you have just graduated, are approaching graduation, or a few years into your careers IEEE R1R2 Young Professionals Amplified - Cleveland is the place to be.
