

Creative Sparks - Kid's Coloring Competition on Energy

Date: 20th September 2025

Location: J Beera English Medium School, Seetharamapuram, Narsapur mandal.

Organized by: WIE SB AFG & IAS/PES Joint Chapter, IEEE Swarnandhra Student Branch.

The "Creative Sparks: Kid's Coloring Competition on Energy," held on September 20th, 2025, was a dynamic and educational event that brought together students, educators, and young children in an effort to raise awareness about energy sustainability through creativity. The competition focused on engaging children between the ages of 5 and 6 years old with the theme "*Energy for a Greener Future*," inspiring them to explore various types of energy—renewable and traditional—and how we can conserve it for a better tomorrow.

This year's event was joined by 10 IEEE students, 80 school children, and 4 educators, all contributing to a day full of creativity and learning.

- **Participants:**
 - **10 IEEE Students:** The IEEE students played an active role in organizing, guiding, and supporting the young participants. They helped facilitate the event, assisting with the coloring process, providing tips on energy concepts, and answering questions.
 - **80 School Children (Ages 5-6):** The children, divided into groups based on their age, participated eagerly in the competition, showcasing their artistic talents while learning about energy.
 - **4 Educators:** The educators provided support and encouraged the children throughout the event, helping them understand the importance of energy conservation in an age-appropriate way.
- **Theme Focus:** The coloring sheets provided featured a variety of energy-related themes such as solar power, wind energy, and hydro energy. Children were encouraged to illustrate how energy impacts their lives and how they can contribute to a more sustainable world through their artwork.
- **Materials Provided:** Eco-friendly, non-toxic crayons, markers, and paper were provided to all participants. The coloring kits were designed with sustainability in mind to ensure that every part of the event was environmentally conscious.
