Student Branch

A Report on Industrial Visit at

**Bhaskaracharya National Institute for Space Applications
and Geo-informatics (BISAG - N)**

Date: 22-09-2025 TO 23-09-2025

ORGANIZED BY:

Vidush Somany Institute of Technology and Research, Kadi

In collaboration with

IEEE Student Branch, Kadi Sarva Vishwavidyalaya

In coordination with M. M. Patel Students Research Project Cell, KSV

Industrial visit details

- **Date of visit: 22/09/2025 (Monday) & 23/09/2025 (Tuesday)**
- **Duration: 2 day**
- **Faculty Co-coordinator: Dr. Pooja Shah & Prof. Riddhish Devraj, Prof. Ankit Vaghela, Prof. Krupali Dave**
- **Total no. of students: 75 students of 1st & 3rd semester CE, IT & CSE Department**

Introduction

- On 22/09/2025 – 34 students along with 2 faculty members of VSITR departed for visit at 10:45 AM and reached BISAG - N by 11:00 AM and By 11:05 AM the visit started in that students learn about satellite-based remote sensing, Earth observation, and how space technology is utilized in different sectors, such as agriculture, forestry, urban planning, disaster management, and environmental monitoring. Then after the informative session provided by the experts through presentation on government initiative like Vande Bharat/Gujarat channel. They have also the opportunity to interact with the people regarding careers in space technology, geoinformatics, or related fields. After that we have taken the group photograph along with the professionals in the campus and outside as well. We have reached at 12:45 PM for the college.

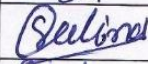

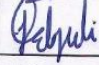

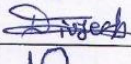

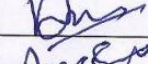

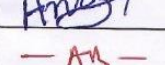

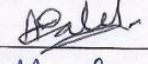

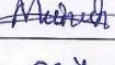

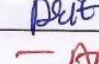

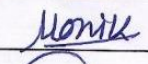

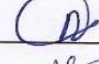

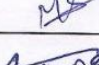

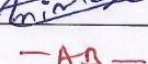

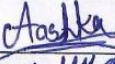

- On 23/09/2025 – On the scheduled day, 41 students along with 2 faculty members from VSITR left the campus at 10:45 AM and arrived at BISAG-N by 11:00 AM. The visit commenced at 11:05 AM with an insightful session where students were introduced to the fundamentals of satellite-based remote sensing, Earth observation, and the diverse applications of space technology in fields like agriculture, forestry, disaster management, urban development, and environmental monitoring. The experts further enhanced the learning experience through a detailed presentation highlighting key government initiatives such as the Vande Bharat/Gujarat channel. Students also engaged in interactive discussions with the professionals, gaining valuable guidance on career prospects in space science, geoinformatics, and allied areas. To conclude the visit, group photographs were captured with the officials both within the premises and in the open campus area. The team departed from BISAG-N and safely reached back to the college at 12:45 PM.
- Overall, an industrial visit to BISAG - N was valuable educational experience, broadening students' horizons and inspiring them to explore the exciting world of space applications and geoinformatics. It also offers practical insights into how research and technology are used for the betterment of society.

Objective

- **Exposure to Geo-informatics and Space Technology** – To understand the role of satellite communication, remote sensing, and GIS in governance, research, and development.
- **Understanding National Projects** – To learn about BISAG's contributions in tele-education, e-governance, agriculture support, and disaster management.
- **Bridging Theory with Practice** – To connect academic knowledge with practical applications through live demonstrations and expert interactions.
- **Exploring Future Opportunities** – To identify research, innovation, and career prospects in space applications and geo-informatics.

Feedback of Students

Feedback Questions – BISAG Industrial Visit

Q1: How do you rate the clarity and fulfillment of the **visit objectives**?

Very Good | Good | Average | Poor

Q2: How useful was the visit in enhancing your **academic and practical knowledge**?

Very Good | Good | Average | Poor

Q3: How engaging and informative were the **demonstrations and sessions** during the visit?

Very Good | Good | Average | Poor

Q4: How do you rate the **coordination and management** of the industrial visit?

Very Good | Good | Average | Poor

Q5: Overall, how do you rate your **experience of the BISAG visit**?

Very Good | Good | Average | Poor

Thank You..!!
