Report on the Talk: IEEE MEMBERSHIP DRIVE

Date: 7th October 2025

Time: 12:40 PM - 1:40 PM

Venue: K.S Auditorium

Speaker: Mr. Ganesh Reddy, Software Engineer II, NCR Atleos

Introduction

The IEEE VNR VJiet Student Branch organized a session titled “**IEEE Membership Drive**” on the occasion of **IEEE Day 2025**. The session featured **Mr. Ganesh Reddy, Software Engineer II at NCR Atleos**, as the guest speaker. He spoke about the importance of IEEE membership, elaborating on its numerous benefits, including access to research resources, global networking opportunities, mentorship programs, and career support. Mr. Ganesh Reddy also shared his personal journey and experiences with IEEE, emphasizing how the organization played a significant role in shaping his professional and technical growth. The session motivated students to become active members of IEEE and explore the vast learning and leadership opportunities it offers.

Speaker Introduction

Mr. Ganesh Reddy is a Software Engineer II at **NCR Atleos**, Hyderabad, and an **alumnus** of VNR Vignana Jyothi Institute of Engineering & Technology with a B.Tech in Electronics and Communication Engineering. He specializes in Enterprise Application Development, full-stack technologies, and AI tools, contributing to innovations in self-service banking and retail systems. A committed IEEE volunteer, he has served in several leadership roles, including with the IEEE Computer Society and IEEE Young Professionals Hyderabad. He was also the first student from VNR VJiet to receive the prestigious **Richard E. Merwin Scholarship** and is a **patent holder** for an innovation in contactless payments with location protection, granted in 2025.

Key Discussion Highlights and Speaker's Message

Mr. Ganesh Reddy's presentation focused on bridging the gap between academic conceptual knowledge and real-world professional demands, emphasizing the critical role of networking and personal courage in a successful career.

His talk was structured around three key points:

1. **Career & Conceptual Alignment:** He initiated the conversation by posing thought-provoking questions to students regarding their **goals after completing their B.Tech** and then asked a review of their **classroom conceptual knowledge** application, challenging them to link their learning with real-world professional demands.
2. **The Cycle of Professional Growth:** The core of his message centered on the importance of human interaction for professional development. He stressed the necessity of having the **"courage to speak with people"** and how this initial step is critical for effective **networking** and **collaboration**. He explained a direct cycle: *Courage to Speak → Effective Networking → Connecting with Professionals in the Desired Domain*.
3. **IEEE as the Ideal Platform:** Mr. Ganesh Reddy shared his personal journey and experiences, emphasizing that **IEEE serves as the only place** where students can confidently practice this cycle building confidence, expanding their network globally, and connecting with mentors and industry leaders to grow as global innovators.

Conclusion and Acknowledgments

The event concluded with an energetic Q&A session, leaving the participants motivated to become active members of IEEE and explore the vast learning and leadership opportunities it offers.

The IEEE VNR VJiet Student Branch extends its sincere gratitude to **Mr. Ganesh Reddy** for dedicating his time and sharing his invaluable experience.
