| Brief Report | <p>Introduction:</p> <p>The BEC-IEEE Communication Society (ComSoc) organized the Day 8 quiz of the Quiz-A-Thon 2025 series on 14th October 2025. The Quiz-A-Thon is a 12-day online technical quiz series conducted by different IEEE societies and affinity groups under the BEC-IEEE Student Branch. Each quiz is designed around the respective society's domain to promote technical awareness and active engagement among students.</p> <p>Objectives:</p> <ul style="list-style-type: none">• To spread awareness about the Communication Society and its role in advancing communication technology.• To test participants knowledge of wireless networks, communication systems, and emerging digital technologies.• To encourage students to explore advancements in areas such as 5G, IoT, and satellite communications.• To encourage students to participate in quizzes based on specific IEEE society themes.• To promote learning through competition and interaction. <p>Brief Description:</p> <p>The ComSoc Quiz was conducted on 14th October 2025 from 7:00 PM to 7:30 PM via the Unstop platform. The quiz featured a set of questions covering topics like communication systems, wireless networks, data transmission, and next-generation connectivity technologies. Participants enthusiastically attempted the quiz, showcasing their understanding of modern communication systems and the innovations shaping global connectivity.</p> | | | |
