

IEEE DAY CELEBRATION REPORT

Faculty Coordinator: Dr Sitadevi Bharatula. *Assistant Professor(SG), Department of ECE.*

On October 10, 2025, the IEEE Student Branch of Amrita Vishwa Vidyapeetham, Chennai Campus, celebrated IEEE Day 2025 with great enthusiasm at the AI Innovation Lab. IEEE Day marks the historic moment when engineers and IEEE members worldwide first came together to share their technical ideas. The theme of IEEE Day 2025, “*Leveraging Technology for a Better Tomorrow*,” reflected IEEE’s mission to advance technology for the benefit of humanity.

The celebration began with a warm welcome address, followed by the traditional lighting of the lamp ceremony. The gathering was graced by our Chief Guest ,Gireeshan.A.N , who delivered an inspiring address on the importance of innovation in polymers, sustainable materials, and the rising potential of startups in engineering. The Chief Guest highlighted how interdisciplinary research and entrepreneurship can lead to impactful technological advancements and encouraged students to actively explore these emerging domains.

Distinguished faculty members including Dr. Sita Devi Bharatula (IEEE Student Branch Counsellor), Dr. Amirthalakshmi (CAS Advisor), Mr. Rahul (SPS Advisor), Mr. Ganesh, Ms.Vaishale, Mr. Damodaran, Ms. Aishwarya, and Ms. Gayatri graced the occasion with their presence. They motivated the students with their valuable insights and shared experiences on leadership, innovation, and professional growth within IEEE.

The event also featured interactive sessions highlighting the benefits of IEEE membership, upcoming chapter initiatives, and opportunities for students to engage in research, innovation, and professional development. The celebration concluded with a heartfelt vote of thanks, appreciating the dedicated efforts of all coordinators, volunteers, and faculty members who contributed to the success of the event.

Overall, the IEEE Day 2025 celebration served as an inspiring platform that brought together students, faculty, and professionals, fostering a spirit of collaboration, creativity, and technological excellence.
