

IEEE ComSoc

2026 Workshop Series

Think Like a Defender: A SOC Mindset

**Thursday Jan 15, 2026 @ 5 PM (GMT +2),
10 AM (EST)**

Topic: Adopt the strategic perspective of a Security Operations Center analyst to better anticipate and neutralize modern cyber threats. This workshop focuses on transitioning from reactive troubleshooting to a proactive defensive posture through real-world incident analysis and threat-hunting principles.

Speaker: Remy Roukos is manager at Potech with over 8 years of experience in information system security consultancy and evaluation; He has strong technical expertise in SIEM implementation, monitoring and correlation.
