**Details:** On April 3<sup>rd</sup> and 4<sup>th</sup> 2019 we participated and provided a number of judges to PDSB for its Peel Skills Challenge competition which was held at Gordon Graydon Sec School (Glenforest South SS) in Mississauga, ON which was again on the request of PDSB resource coordinator. We were there for both days including myself and coordinated for 6 events. We established good contact with some officials from Peel District Board- PDSB and after mutual discussions, we are proposing sponsoring 1-2 prizes for few categories in the next year event. I can pay from my own pocket if IEEE has funding constraints. Expenses were managed personally for transportation and related costs for few volunteers due to transportation issues. As per the “Thanks” note from PDSB officials they might be looking for more support from IEEE for next year / onwards.
